Bridal Processional \_\_\_\_\_

Do you want chimes?

Are there any pieces on the CD which you absolutely do not like?  
(I often choose repertoire from this list for the prelude and postlude music.)

Are there any other requests or musical elements in your service? If you plan on having a soloist, please include their name and contact information.

Will you have an announcer direct the guests (re: pictures, directions) after the ceremony? Will they make one announcement and step aside, or will they serve as an emcee for taking pictures? (i.e. Do you want a postlude after the recessional?)
